

HEXON[®] II Terrain System

Hex based gaming revolution!

Quick and easy to assemble and very space efficient.

Hexon[®] II provides a **modular, versatile** and **cost effective** terrain system. It can be used for any table top game system that uses, or can be adapted to use hexagons as a means of providing **fast, efficient movement** of units, ships, vehicles etc. and ranging of weapons, on **land, sea, air or space**. They can be used for **historical, fantasy** or **science fiction** based games, using **6mm, 10mm, 15mm, 28mm**, in fact **any scale!**

WWII Beach Landing layout above uses 2 Boxes of Hexon, 6ft x 4ft approx

HEXON® II - Terrain Boards

Hexon® II Terrain boards are **precision moulded** in a High Impact Polymer, making them **strong, tough and durable**, but **lightweight**. They are **stackable**, leaving enough space between for surface details, flocking and low level terrain features. Each board **interlocks** with the next. Optional clips are provided, to enable boards to be locked securely together (from the underside) into the desired terrain configuration. The terrain board has 6 hexagons moulded on the surface (100mm across flats). Hexon® II terrain system is **quick and easy to assemble**.
